The tuition fees are protected by ESOS legislation, while all other fees are subject to the refund policy. It is our practice to review fees annually at the end of the academic year. It is anticipated that any tuition fee increase will not exceed 12% over a two year period. This does not mean that our fees **will** increase by this amount. In the unlikely event that our tuition fees do increase by more than 12% over a two year period, we will advise you in writing of any such increase. Please note fees may be subject to change without notice.
